

Immediate Disaster Case Management

Immediate Disaster Case Management services are available to survivors of hurricanes Irma and Maria in Puerto Rico and to those Puerto Rico residents who relocated temporarily to the continental United States.

CASE MANAGERS CAN HELP:

- Assess survivors' disaster-related needs
- Guide survivors through the FEMA appeals process
- Develop a personal disaster recovery plan
- Connect survivors with necessary resources such as:

- Housing
- Employment
- Financial Assistance
- Food
- Transportation
- Health Insurance
- Durable Medical Equipment
- Legal Referral Services
- Senior Services
- Behavior Health Services
- Child and Youth Services
- Furniture and Appliances
- Clothing
