New Jersey Home Energy Programs

Home Energy Assistance
Universal Service Fund
Weatherization Assistance

HOW TO APPLY FOR ENERGY ASSISTANCE:
1. Find out if you are eligible for the program. Review the Energy Assistance Program Fact Sheet and Income Guidelines.
2. If you are eligible, fill out an application.
3. Submit a completed application to your Local Community Action Agency.
   Choose from the list of Local Application Agency's contact information at the end of this application.
The Low-Income Home Energy Assistance Program (LIHEAP) is designed to help low-income families and individuals meet home heating and medically necessary cooling costs. This year, the application period is October 1, 2020 to June 30, 2021. To apply for LIHEAP, you can apply online at www.energyassistance.nj.gov or contact an authorized local community action agency or community-based organization in your area for assistance. For persons age 60 or over, or who are disabled, applications may be received and returned by mail. Other households may apply by mail at the discretion of the local agency.

To be eligible for LIHEAP benefits, the applicant household must be responsible for home heating or cooling costs, either directly or included in the rent; and have gross income at or below 200% of the federal poverty level. The chart below gives specific monthly gross income maximums for FFY 2021. Persons who live in public housing and/or receive rental assistance are not eligible for assistance, unless they pay for their own heating costs directly to the fuel supplier. The amount of the LIHEAP heating benefit is determined by income, household size, fuel type, and heating region.

The medically necessary cooling assistance benefit amount will be $200, which will be issued as a direct credit to an active electric account in our system, otherwise they will be issued as one-party check to the eligible applicant.

An eligible household that heats with natural gas or electricity may have its benefits directly forwarded to its utility company. Otherwise, in most cases eligible households directly responsible to a fuel supplier for payment of home heating costs receive a two-party check in the name of the applicant and “the fuel supplier”. Households whose heating costs are included in their rent receive a single party check made out to the eligible applicant.

**Please Note**: The FFY 2021 LIHEAP application is also an application for the Universal Service Fund Program (USF).

The USF is a program created by the State of New Jersey to help make natural gas and electric bills more affordable for low-income households. If you are eligible, USF can lower the amount you pay for gas and electricity. To be eligible, a household gross income must be at or below 185% of the Federal Poverty Level, (please refer to income guidelines listed below), and pay more than 3% of its annual income for electric, or more than 3% for natural gas. If a household has electric heat, it must spend more than 6% of its annual income on electricity to be eligible. For more information about USF, call: 1-800-510-3102.

For further information on LIHEAP or to locate the nearest application agency, call 1-800-510-3102. Additional information about LIHEAP and USF, including an application, is also available at www.energyassistance.nj.gov.

Program Definitions

Low Income Home Energy Assistance Program
The Low Income Home Energy Assistance Program (LIHEAP) is designed to help low-income families and individuals meet home heating and medically necessary cooling costs. To be eligible, a household must have a gross income at or below 200% of the Federal Poverty Level and be responsible for the cost of heating. Please refer to the program web page above to verify income guidelines.

Universal Service Fund
USF is a program created by the State of New Jersey to help make natural gas and electric bills more affordable for low-income households. If you are eligible, USF can lower the amount you pay for gas and electricity. To be eligible, a household must have a gross income at or below 175% of the Federal Poverty Level and pay more than 3% of its annual income for electric, or more than 3% for natural gas. If a household has electric heat, it must spend more than 6% of its annual income on electricity to be eligible. Please refer to the program web page above to verify income guidelines.

Weatherization
New Jersey's Weatherization Assistance Programs will help reduce energy bills and keep your home warm by providing you with: 1) A home energy audit to see how much money you can save on energy bills by weatherizing; and 2) Installation of energy efficient measures which may include air sealing, insulation, heating system repair and/or replacement of refrigerators and heating systems if necessary. To be eligible, a household must have a gross income at or below 200% of the Federal Poverty Level.

LIHEAP and USF Recertification
If you received USF or HEA benefits during the previous season and did not move, you will receive a Recertification form in the mail instead of a full application. Contact your local participating agency for the recertification form if you do not receive one. If you now have a new address you must submit a complete application with all the required documentation.

SNAP (Food Stamp) and PAAD Automatic Enrollments
Food Stamp recipients and Lifeline/PAAD recipients are automatically screened for USF and HEA and only need to fill out a full USF/HEA application if it is requested by the county USF/HEA agency or more information is needed.

NJ FamilyCare
Beginning January 2014 NJ FamilyCare will include CHIP, Medicaid and Medicaid Expansion population. This means documented New Jersey residents who are low income may be eligible for free or low cost health insurance that covers doctor visits, prescription, vision, dental care, and even hospitalization. For more information, call 1-800-761-0710.
Instructions for Home Energy Assistance (HEA)/Universal Service Fund (USF) and Weatherization Application

Please notice that there is a number next to every question or field in this application. These numbers will serve as a guide for filling out this application.

01. Last Name – Print the last name of the Applicant.
02. First name – Print the first name of the Applicant.
03. Middle initial (MI) – Print the middle initial of the Applicant.
04. Street Address – Print the full street number and name of your primary residence.
05. City – Print the name of the municipality where the primary residence of your household (family) is located.
06. State – Print the name of the state where the primary residence of the household (family) is located.

24. Applicant Certification

I certify that the information given in this application is true, complete and correct to the best of my knowledge. I understand that I must furnish verification or proof of income. I also give my consent to verify my income from any other sources. I understand that my Social Security Number will be used to request and exchange information with other agencies and authorizing companies as part of the eligibility verification process. The Department of Community Affairs (DCA) may use my Social Security Number to get wage data, amount of earned income, interest income, Social Security benefits, pensions, or veteran's benefits. As part of the eligibility verification process DCA has permission to contact other agencies on my behalf to establish eligibility. I understand that I may request an administrative review and/or fair hearing if I am not satisfied with any action taken as a result of this application. I am aware that I may be penalized by fine and/or imprisonment for making false statements on this application and may be required to repay benefits received as a result of false statements.

I grant permission to the (administering agency) or its designee and to a representative of the state Weatherization Program to inspect heating fuel and utility billing records for (applicant address) for not more than five years before and subsequent to the performance of the weatherization work for the sole purpose of obtaining data required for evaluation of energy conserving effectiveness of the work done. The information on this application will also be used to determine eligibility for the Universal Service Fund (USF) and other government related programs for which I may be eligible. I direct the appropriate utility and fuel companies to make such records available to (the administering agency) or its designee.

By signing below I acknowledge that additional information or documentation may be necessary to determine or confirm my household's eligibility for assistance. I agree to cooperate in any reasonable requests to provide information, and understand that my failure to cooperate may result in termination, suspension, or repayment of assistance.
